"He that is ungrateful, has no guilt but one; All other crimes may pass for virtues in him."

The Missionary Societies of the Methodist Churches are falling behind financially, according to the last report, which shows that the expenditures have exceeded receipts \$96,556.85. Many of the Bishops have declared that unless more money can be given a retreat seems inevitable in many places. As there is a grand total of 5,809,516 Methodists of all kinds in the United States, and only a measly 945,416,041 Confucians, Hindus, Mohammedans and such heathen in Asia and elsewhere yet to be converted, it looks like folly to abandon the job. Let the good work proceed in Hong Kong and Timbuctoo, even though Lexington and Louisville be slighted.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have decried the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will nourish every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by eating regular doses of Green's August Food, the favorite medicine of the healthy millions. After a dose alone indigestion, stimulates the liver to healthy action, purifies the blood, and makes you feel hopeful and vigorous. You can get Dr. G. O. Green reliable remedies at J. Jas. Wood & Son's, and Green's Special Almanac.

SOMETHING TO REMEMBER.

Players as a rule are in the habit of arriving at the Opera-house so as to arrive there just in time for the curtain to "go up." They prefer to wait until the last minute rather than get in early and then sit for half an hour or more before it's time for the play to start. They do not do that when The Bronson Company is to be the attraction. They go there early for they know that from the time the doors open until it's time for the curtain to "go up" they can sit and listen to a grand musical treat rendered by The Bronson orchestra. Bronson's Company will be at the Washington Opera-house Christmas, matinee and night, in "A Royal Spy" and "Taken From Life."

Nerve Slavery

It is present-day conditions—heaping burdens of work upon the nervous system that tell the story—premature breaking up of health.

It tells why so many men and women, who so far as age is concerned, should be in the prime of health, find themselves letting go of the strength, the power, the vitality they once possessed. It is because that great motor power of the body, nerve force, is impaired. Neither will the heart, the brain, the liver, the kidneys, the stomach act right without their proper nerve force supply. Let any organ be lacking in this essential and troubles begin—some of them are:

# BOILER EXPLODED.

A Terrible Accident at the Black Diamond Steel Works of the Park Bros., Pittsburg.

## STANTLY KILLED.

Missing, Twelve Injured at the Mill Completely Wrecked. Also Boiler Works Adjoining.

The Boilers Were Examined Last Week and Pronounced in Excellent Condition—No Known Cause For Explosion.

Pittsburg, Pa., Dec. 21.—Three dead, one missing and 12 injured in the result of a terrific boiler explosion at the Black Diamond steel works of Park Bros., on 30th street.

The dead: John Welvik, Patrick O'Connor and an unknown man.

Missing: John Wilts (he is probably among the killed).

Injured: Thomas Elliott, Albert Geiselsch, Alexander Waszelsolce, Robert Street, Valentine Perniski, Jacob Chomolans, Isaac Waszelsolch, Wm. Steinhag, Peter Mikoscki, John McKinley, Munroe Larkins and Joseph Zuk.

The injured at the hospital are all doing well except one, whose injuries may yet prove fatal.

Reuben Miller, Jr., superintendent of the plant, states that the boilers were examined last week and pronounced in excellent condition. No known cause can be given for the explosion. A thorough investigation is now in progress.

It was about 4:15 o'clock, as the night crew was about to turn over the mill to the day force, that four boilers in the fourth bar mill, No. 3, exploded with terrific force, scattering death and destruction in all directions. The mill was completely wrecked and the debris is piled from 50 to 75 feet high. The boiler works of James McNell, adjoining the Black Diamond mill, were also destroyed. A force of men went there as quickly as possible after the explosion, searching in the debris for bodies.

The injured were removed to the West Penn hospital.

Pittsburg, Pa., Dec. 21.—By the explosion of a boiler at the plant of the American Steel and Wire Co., on Neville Island, one man, whose name is yet unknown, was killed, but so far as known no other workmen were hurt. The plant was damaged considerably, but not enough to cripple it to any great extent.

## BADE HIM FAREWELL.

Over 4,000 Members of the Federal Party Called on Gov. Wm. Taft.

Manila, Dec. 21.—Over 4,000 members of the federal party called on Gov. Taft to bid him farewell and to wish him a safe return. The governor, residing in a lounge, dressed 150 of the most prominent of his visitors, saying that he was touched and honored by their presence. The organization, he added, had done so much to warding bringing about peace and giving the country a stable party that it argued that for the success of American efforts than anything else during the recent critical times.

The reports circulated in the United States, founded on incidents connected with the war in Batangas province and the island of Samar, the governor said, tend to convey a wrong impression of the situation, which is really hopeful. Through its officers, the constabulary and the provincial governments, besides 850 teachers, the commission had excellent means of acquiring information in the organized province and it considers that there never was a better time to have been so much real ground for hopefulness and encouragement in regard to the attitude of the Filipino people towards the civil government. The military disaster in Samar had created an unfounded feeling of uneasiness concerning the condition of the people of the rest of the archipelago. The war in Batangas and in Samar, kept up by misguiding men, furnished the only obstacle to obtaining liberal legislation on the part of congress.

In continuing, the governor said he would return here. He related the Filipino and regarded leaving at that particular time. But it was a comfort to know that the duties of the office were in the hands of Vice Gov. Wright, an able lawyer, who sympathized deeply with the best hopes of the people.

In conclusion, the governor said he expected to go back here in May and he hoped to have the pleasure of presenting the federal party's memorials to the president.

Civil government will be restored to the island of Cebu on January 1 of the coming year.

## ADM. SAMPSON'S OBJECTIONS.

Reasons Why Adm. Dewey's Minorities Report Should Not Be Approved.

Washington, Dec. 21.—The objections of Adm. W. T. Sampson to the portion of Adm. Dewey's report of the Schley court of inquiry in which he says Adm. Schley was in command at the battle of Santiago and entitled to the credit for the victory, was filed with Secretary Long. The document was brought to the navy department by E. S. Theall, of counsel for Adm. Sampson, and handed to the secretary. The report says:

As counsel for Mr. Adm. Sampson we have the honor to request that the department, for the reasons below stated, strike out or specifically disapprove that portion of Adm. Dewey's opinion filed in connection with the proceedings of the Schley court of inquiry, in which he states his view to be that Commodore Schley was in absolute command at the naval battle of Santiago.

First—Commodore Schley was not in command at that battle. Second—The president of the United States and the navy department had decided that Adm. Sampson was in command at the battle and Commodore Schley second in command.

Third—The question as to who commanded at Santiago was not referred to the court for consideration, and evidence bearing on the point was excluded.

## INQUIRY COURT'S FINDING.

Judge Advocate Lemly and Solicitor Hanna Wants It Approved.

Washington, Dec. 21.—Judge Advocate Lemly and Solicitor Hanna Friday afternoon submitted to Secretary Long their report upon the bill of objections filed by Adm. Schley, through his counsel, to the findings of the Schley court of inquiry. The report is an argument supplementary to the argument made by the writers before the court of inquiry. The principal points are an insistence upon their contention that the first report is the unanimous report of the court of inquiry; that the court was justified in rejecting Adm. Schley's evidence by the number of witnesses who took issue with him, and that there is no sufficient reason for a reopening of the case as requested by Adm. Schley.

The Balance of the Gang, Filled With Whiskey, Continued Their Outlawry and More Trouble Is Anticipated.

Welch, W. Va., Dec. 21.—Wayne Demos, 18 years old boy, shot three Negroes to death in a saloon at the mining town of Davy, this county. It was pay day at the Davy mines and the Negroes had begun their holiday celebration. Drunkenness was visible on every hand, and when about a dozen of the big, tough looking Eugene Lyons saloon, on the leading street, revolvers in hand, and demanded that all the whites within retire, the trouble began. The bartender stepped into an adjoining room for his pistol and all the other whites save Demos made a run to get away. Demos pulled his revolver and shot three of the Negroes to death. The others fairly fell over one another in getting away. Those dead are: Lem Booton, "Frick" Watts and Harry Good, all residents of the coal fields.

In the excitement Demos, whose home is in Catletsburg, Ky., left the saloon by a rear door, and up to a late hour had not been captured. In fact, but very little effort is being made to apprehend him. He is an assistant bookkeeper for Cole, Crane & Co., Cincinnati, who are engaged extensively in timbering in this county. Demos was awaiting the arrival of a train to go to his home to spend the holidays.

The Negroes continued their outlawry and more trouble is feared.
